

RENO QRP GROUP SLOW SPEED CW QRP NET REPORT

Hi all

Attached is the log of our last slow speed NET September 7, 2023

The NET was held from Hidden Valley the weather was sunny air calm Very nice day. NET started on time at 10:00 am on 7.045 MHZ. The noise level at set up was S3 SFI 147 A index 8K index 1 Xray C1.2

There was a total of 6 QNI today Woody K1LB, Rob KA6JLT, Bob KA6NSN, Gary WA6TQJ, Derek W7DLZ, Joe KM6HJP.

First up was Woody he was in the field on a SOTA at Steamboat Hill south of Reno using his IC 7300 at 10 watts into a EFHW antenna we were both 599.

Next was Rob from his home in Reno he was using his IC 761 at 10 watts into his random wire Rob gave W7FST 599 and Woody at 449 to 579 he also mentioned the weather.

Bob from Quinch, CA had a solid copy signal both ways at 599 using his FT 575 at 10 watts into his COBRA antenna Bob had very good weather also clear and sunny.

At last call came from Davis, CA his name is Gary first time to QNI on the NET My RST was 559 while his signal was 589. Gary had a very short report.

Derek also QNI at last call he was on SOTA peak Little Round Top W6/NS 087 we both had 599 he was using his IC 705 running ten watts his antenna was only 2 feet above the summit.

Another last call and Joe from Doyle, CA checked in his RST was 579 but I missed what my RST was. At the time of his report there was some strange QRM on top of him. His rig is the IC 7300 at 10 watts into his EFHW up 40 ft.

RENO QRP GROUP SLOW SPEED CW QRP NET REPORT

Hi all

Attached is the log of our last slow speed NET September 21, 2023

The NET was held form Hidden Valley the weather was sunny air calm Very nice day.
NET started on time at 10:00 am on 7.045 MHZ. The noise level at set up was S4 SFI
156 A index 16K index 1 Xray C2.4

There was a total of 7 QNI today Phil AB7WE, Rob KA6JLT, ROoyW7HJL, Bob
KA6NSN, Woody K1LB, Dave KI7STE, AND Joe KM6HJP. Rob was I/O.

First up Was Dave, he must have thought that I called him to report. His RST to me was 559 with QSB I was 339 to him his location up at Walla Walla, WA.

Next was Phil being NW Reno his RST was 579 he gave a good report solid including the weather sunny day with temp at 53 F.

Roy from Walla Walla, WA was 579 to me his report included RST for W7FST as 449 Phil was 329 and Dave was 579.

Bob from Quincy, CA we had two way 599 signal Bob was using his FT 757 at 10 watts into his COBRA antenna up 20 ft. He reported that the weather there was sunny with clouds temp at 66 F.

Woody was in the field today at Huffaker Hills Trail Head, it was a nice but a little on the cool side he said the temp was 55 F Woody was using his IC 7300 at 10 watts we were both at 599.

Joe from Doyle, CA made in at last call he was 589 a good signal with some QSB he usus the IC 737 at 10 watts I didn't get what he was using for an antenna.

The next NET will be Oct. 5, 2023, starting at 10:00 AM

Hope to hear you all again. 73/72 Ed/WD7Y
